

**TONIGHT YOU
THROW ME AWAY**

but in the right container!

Glass is forever

**if you collect it correctly,
it can be recycled endlessly**

**Let's recycle
glass
together**

Keep me away from the false friends of
glass (crystal, ceramic, borosilicate glass)

Remove the cap and other packaging
accessories

Remember: only bottle and jar for a
correct recycling

Throw me into the bell container
without the bag

The more you use it the more you save.
Saving of raw materials, energy and
CO2
